READING DIRECTIONS

This book reads from *right to left*, Japanese style. If this is your first time reading manga, you start reading from the top right panel on each page and take it from there. If you get lost, just follow the numbered diagram here. It may seem backwards at first, but you'll get the hang of it! Have fun!!

The Phantom Waitress

Ghost-girl Nukadoko is jobless and short on money. Good thing she lives in a restaurant! Can she make it as a server despite the fact that the customers can't see her? Meanwhile, other staff members are losing cash while playing an addictive smartphone game, Kouichi's raising a baby dragon, and Amon wants to head to the beach to meet the Devil of the Deep. It's time for a fourth helping of the hellishly delicious comedy!
